GEO. A. LEWIS, Publisher.

A WEEKLY PAPER—DEVOTED TO LOCAL AND SOCIETY NEWS.

TERMS: \$1.00 In Advance.

VOL. XXII.

FRANKFORT, KY., SATURDAY, APRIL 8, 1899.

NO. 32

[For the Roundabout.]  
Who is Bobby Franklin, Pa?

A POEM DEDICATED TO THE NEW  
ALEXANDER THE GREAT.

Now, who is Bobbie Franklin, pa?  
He must be great, b'gosh.  
I heard you speak of him last night  
To ma an' Uncle Jan.  
Is he a son of Benjamin's?  
A cousin or nephew?  
I know he must be of some punk  
To strike a man like yo i.  
No, no, my son, he's greater far  
Than Benny ever was.  
'Tis not so much for what he is,  
As for the things he does.  
You orter heard him sing that song  
"Dar's trouble in de lan'".  
It's this, they say, that 'lected him,  
An' beat the other man.  
Besides, he is a 'spaniolist—  
I'll tell you why, b'gosh.  
He's raked into his pocketbook  
A lordly little sum;  
A loud philanthropist,  
He preaches "open door".  
That is, that Trust an' Capital  
Must divvy with the poor.  
"They made their money off'n us,"  
He says—oh, it is great!  
"An' now they've got to ante up,  
Or leave this bloomin' State!"  
There's something called an "oc-  
topus,"  
He's goin' to put in jail;  
Insurance is its other name—  
He's got it by the tail.  
I've give eight dollars every year  
To feed this fell Combine,  
An' only burnt out twice, my son,  
Since eighteen eighty nine.  
It's robbery! We've paid too much!  
But 'course we didn't know,  
'Till Bobbie confidentially  
In public told us so?

## Kodol Dyspepsia Cure "Digests what you eat."

An Outrage Upon a Long Suffering  
People.

It has generally been supposed that  
the city clock was intended to mark  
the time and let the people know  
how swiftly it was flying. But it  
seems that our clock does not mark  
any time in heaven above or the  
earth beneath. It gives neither solar  
time, standard time, nor any other  
time, but just gallops along for a day  
or two ahead and then behind all  
time known. We think it about  
time this comedy was closed and the  
curtain rung down. Or else the peo-  
ple, in their wrath, will rise up and  
smite the gay old liar, and cause him  
to retire from business permanently.  
Give us a rest on such a nuisance.

### Robbed the Grave.

A startling incident, of which Mr.  
John Oliver, of Philadelphia, was  
the subject, is narrated by himself as  
follows: "I was in a most dreadful  
condition. My skin was almost yel-  
low, eyes sunken, tongue coated,  
pale continually in back and sides,  
no appetite—gradually growing  
weaker day by day. Three physi-  
cians had given me up. Fortunately  
a friend advised trying 'Electric  
Bitters,' and to my great joy and  
surprise, the first bottle made a de-  
cided improvement. I continued  
their use for three weeks, and am  
now a well man. I know they saved  
my life and robbed the grave of  
another victim." No one should  
fail to try them. Only 50 cents per  
bottle at J. W. Gayle's drug store.

### Court Day Sales.

Mr. H. G. Davis made the follow-  
ing sales on Monday (county court  
day): 35 head yearling steers at \$25  
each; 1 Jersey milk cow, \$25.50.  
He also sold week 280 head stock  
hogs to Montjoy, Morris & Spencer,  
of Anderson county, terms private.

### Appointed Postmaster.

The President has appointed Capt.  
C. L. Barnes Postmaster at Eliza-  
bethtown. Capt. Barnes has served  
several times as an officer in the in-  
ternal revenue service.

### Hurry Up.

It has been officially decided, in  
Washington City, that unless the  
Cuban Assembly promptly turns  
over the pay-rolls of the Cuban army  
and accepts the \$3,000,000 which our  
Government has tendered to help  
pay the army, the money will be  
withdrawn and the issuing of rations  
to the army will also be stopped. So  
if Mr. Cuban Assembly knows which  
side his bread is buttered to the ex-  
tent of \$3,000,000 it is about time he  
was anteing up.

### The Poster Show.

There was a large crowd out to  
witness the "Poster Show," on Mon-  
day night, given in the interest of  
the Y. M. C. A.

The entertainment was well con-  
ceived and well staged, but the in-  
tervals between the tableaux, the  
music, &c., were very tedious and  
wearied the audience unnecessarily.  
For the purpose in view it was a  
decided success, and those engaged  
in its preparation are to be congrat-  
ulated.

We would suggest that, hereafter,  
those in charge should arrange things  
so that the presentations should be  
rapidly made, in that the interest  
should not be allowed to flag.  
Barring the facts above stated,  
every one was pleased with the de-  
sign and execution of the tableaux.

### Didn't Know It Was Loaded.

Mr. Schuyler Mayhall, Jr., was ex-  
amining a 32-caliber pistol, in the  
drug store of Messrs. Tyler & Hemphill,  
on Wednesday night, about 9  
o'clock, when the weapon was dis-  
charged, the ball lodging in the right  
shoulder of Mr. Edmund S. Richard-  
son, son of Mr. N. F. Richardson,  
who was standing near listening to  
some young men playing on mandol-  
ins.

Mr. Mayhall did not know the  
weapon was loaded.

We are glad to say that Mr. Rich-  
ardson's wound is not serious.

"Give me a liver regulator and I  
can regulate the world," said a ge-  
nius. The druggist handed him a bot-  
tle of DeWitt's Little Early Bitters,  
the famous little pills. Tyler &  
Hemphill and W. McKee Hardie.

### A Musical Event.

A rare treat is in store for the  
the Frankfort public. On Thursday  
night, April 20th, at the Capital  
Hotel ball-room, two well known  
lady artists, one a pianist and the  
other a vocalist, will present a mus-  
ical program that will delight all  
who hear it. These artists are from  
Louisville and rank with the best.  
No one can afford to miss hearing  
them. Keep the event in mind and  
also the date, April 20th.

### Circuit Court.

Judge Cantrill opened the April  
term of Circuit Court on Monday  
afternoon. The grand jury was em-  
panelled and sworn, after which  
court adjourned until Tuesday.

The following gentlemen compose  
the grand jury:

Willard Counts, Sam Lewis, R.  
L. Thompson, W. H. Lewis, Bos-  
man Gaines, Robert Lewis, John  
Spencer, Albert Rogers, W. B.  
Bridgeford, William Rogers, Joseph  
Duvall and A. Y. Hubbell.

### Col. Jas. A. Scott Speaks.

Col. James Andrew Scott, candi-  
date for the Democratic nomination  
for Attorney General, spoke at the  
Courthouse, on Monday, to a full  
house. He made about the same  
speech that he has made elsewhere,  
in which he poured hot shot into the  
corporations. Col. Scott is popular  
with his party here, as he has fear-  
lessly advocated its cause whenever  
called upon. He seems to be cutting  
out the running for the other fellows.

### Capt. Nat B. Crouch Dead.

Capt. Nat B. Crouch, formerly of  
Lebanon, but more recently of Louis-  
ville, died in Omaha, Neb., on Mon-  
day. Capt. Crouch was a brother-in-  
law of the late John M. Todd, Esq.,  
and was well known to a number of  
inhabitants of this city, where he fre-  
quently visited his sister, Mrs. Hal-  
lie E. Todd. The remains were  
brought to Lexington, his former  
home, for burial.

Capt. Crouch served in the Mexi-  
can and Civil wars. He was a Con-  
federate Captain.

### Millville.

Mrs. R. S. Byrne returned Monday  
from a visit to friends in Lexington.  
Mrs. Mary Brightwell is very sick  
with heart disease.

Miss Fannie Hearn, of Jetts, spent  
Saturday and Sunday with Miss  
Ehlynn Johnson.

Mr. Will Morgan and wife, of  
Frankfort, were guests of Mr. John  
R. Shaw on Sunday.

Died—April 1, Mr. Ely Osborn,  
aged 78. He was a good citizen and  
will be sadly missed. The com-  
munity sympathizes with his family.

Miss Anna Johnson, who is teach-  
ing school at Yarmouth, Fayette county,  
spent several days at home this  
week.

Mr. Wilkes Stewart and family  
have gone to Fayette county to live.  
We are sorry to part with them.

Mrs. W. T. Shy, who has been ill  
so long, has been taken to the King's  
Daughters Hospital at Frankfort.  
We hope that she may be benefited  
by the change.

Rev. Mr. Briggs, of the Southern  
Baptist Theological Seminary, at  
Louisville, preached at our Baptist  
Church, on Sunday morning and  
night. The congregation were much  
pleased. It is thought that he may  
be called to the pastorate for the next  
year.

Died—At her home near Grassy  
Springs Church, April 3, Mrs. Hen-  
rietta Gaines, widow of the late Jas.  
Henry Gaines, Esq., and mother of  
Rev. Virgil Gaines, aged 82 years.  
She was about the last of the older  
inhabitants of this section. She was  
a good woman, and a member of  
Grassy Springs Church for long years.  
Only one child—Rev. Virgil Gaines  
—survives her. She had many  
friends. SAMEJ.

### Toga.

Third day of April and still wintry  
yet.

Farmers are later in plowing their  
crops this season than any time I  
remember of.

Not many spring flowers yet.

Miss Jennie Sanford, of North  
Pleasureville, visited in our vicinity  
last week, and I think one young  
man became very much interested in  
her visit. Guess who?

The corresponding club of Gose  
Creek has reorganized, and is now  
corresponding for the ROUNDABOUT.  
They attempted to establish a pub-  
lishing company of their own, by the  
way of a hand printing press, and  
I see no reason why they failed,  
because they had plenty of material  
to run a daily paper. Certainly the  
stock company failed in funds and  
not for lack of intelligence and wit  
on the part of the editors. The name of  
this paper would have been the Ciga-  
rette Gazette. I am truly sorry that it  
fell through.

I know well enough, if the fiscal  
court had to drive over the mud road  
between here and Lebanon Church,  
they would, at all hazard, make an  
appropriation to complete that Flat  
Creek and Lebanon turnpike road.

Look here, Bro. Kenya Okajima,  
a native of the Empire of Japan, but  
now of Georgetown College, will, on  
May 7th, at 7:30 o'clock, deliver one  
of his famous lectures at Lebanon  
Church. Come and hear him.  
GOOD FOR NOTHING.

### Resigned.

Mr. Gus W. Richardson has re-  
signed his position as Deputy in the  
Clerk's office of the Court of Appeals.  
Mr. Richardson did this in order to  
give his time unreservedly to the  
prosecution of his canvass for the  
nomination for State Treasurer by  
the Democratic State Convention.

# HAVE YOU WEAK LUNGS?

Every Sufferer from Lung Weakness, Consumption, Asthma, Catarrh or Bronchitis Can Be Cured.

**Complete FREE Course of Treatment consisting of Four Preparations - The Slocum System -**

Nearly everybody you meet will regard it as a kind of insult to be asked if they have weak lungs. All seem to have a solid faith in the soundness of their own breathing machine. In cases of trouble they will admit there is a "heavy cold," "a touch of bronchitis," or even "a spell of asthma," but as to weak or unsound lungs, never, NEVER. Even the poor consumptive, who scarcely speaks without coughing, whose cheeks are wasted, hollow and bear the hectic flush of doom, will assure you with glittering eyes that his cold is on the mend and he will be all right when the weather changes. It is simply terrible to think how far we may be guilty by our indifference to the lung troubles of those near and dear to us. It is a sad thought that we may hug a delusion as to our own health that we only get rid of when life itself must pay the forfeit. Nobody can afford to think lightly of lung troubles. Nobody can afford to be mistaken about their possible dangers. Nobody can afford to neglect them, or "let them wear out," or "get better in the spring," or any other tomfoolery that leads only to wreck and ruin. Lung troubles don't move backward. Weak lungs don't grow strong by themselves—you must heal them and strengthen them, and rid them of the very earliest germs of disease, or you are simply committing a form of suicide. Either you must cure your

lung troubles or THEY WILL KILL YOU. That's the whole situation in a nutshell.

Never was there a cure for lung troubles equal to the newly-discovered Dr. Slocum treatment. This forms a system of Four Remedies that are used simultaneously and supplement each other's curative action. It cures weak lungs, bronchitis, asthma, coughs, consumption and every other ailment of the pulmonary region. It destroys every germ that can affect the respiratory system, and even in advanced stages of lung trouble positively arrests the tubercular growth, while it also builds up the patient so that his system is enabled to throw off scrofula, rheumatism, catarrh, and other wasting diseases. Thousands of cured cases already prove these claims. Thousands of grateful people bless the discovery. The Doctor wants everybody to know the surprising merits of his system. He has arranged to give a free treatment (Four Preparations) to all sufferers. Full instructions for use accompany each treatment.

### New Dentist.

Dr. H. M. Leonard, of New Brunswick, has opened a dental office over Weitzel & O'Donnell's dry goods store. Dr. Leonard comes highly recommended as a skilled dentist and Christian gentleman.

Dr. W. M. Foster, demonstrator of the Baltimore College of Dental Surgery, in writing to a Frankfort friend, speaks highly of Dr. Leonard's ability, and says he (Leonard) is one of the best dentists ever graduated by that college.

Dr. Leonard charges nothing for examinations of the mouth.

### Little and Big, Great and Small.

All the politicians who are seeking nominations at the hands of the State Democratic Convention, both great and small, were on hand at the Railroad Convention in this city. They were the friends of everybody, and did not care a continental whether "school kept or not," just so they landed the office they were in search of.

### And It Rained.

We had begun to hope, from the weather we had Sunday, Monday, Tuesday and Wednesday, that the rainy season had about passed and that those who had outside work to do would have a chance at it. But, alas, alas, it rained!

## You Can't Dodge Them

Did you ever try to dodge the rain-drops? Did not succeed very well, did you? It's just as useless to try to escape from the germs of consumption. You can't do it. They are about us on every hand and we are constantly taking them into our lungs.

Then why don't we all have this disease? Simply because these germs cannot gain a foothold in a strong throat and lungs. It's when these are weak that the germs master.

The body must be well supplied with fat. The danger comes when the blood is poor and the body is thin. If your cough does not yield, and your throat and lungs feel raw and sore, you should not delay another day. Take

## Scott's Emulsion

of Cod-Liver Oil with Hypophosphites at once. It will heal the inflamed membranes and greatly strengthen them as well. The digestion becomes stronger, the appetite better and the weight increases. The whole body becomes well fortified and the germs of consumption cannot gain a foothold. It's this nourishing, sustaining and strengthening power of SCOTT'S EMULSION that has made it of such value in all wasting and exhausting diseases.

### Gets Caught.

U. S. Deputy Marshal Con. McCarty arrested John Williams, colored, of Versailles, charged with demanding and receiving a letter containing \$5.00, which was not his.

Marshal McCarty arrested him on Thursday and took him to Lexington, where he was tried before U. S. Commissioner Sam E. Hill and held over to the U. S. Court in Louisville, which will meet on Monday.

The bail was fixed at \$500, which Williams was not able to give. Marshal McCarty brought him here, on Thursday, and placed him in jail. He will be taken to Louisville Monday.

Williams is a slick citizen, but he will find that he was not fooling with State courts, &c., but with Uncle Sam, who has a long memory and a still longer arm. Marshal McCarty deserves credit for landing his man.

### Third Kentucky Again.

It is stated in the papers that two transports have gone to Cuba for the purpose of bringing the Third Kentucky Volunteers back home. According to the dispatch the vessels should have left Matanzas yesterday or should leave to-day.

The government has rented an island near Savannah, Ga., and will land the regiment there and thus avoid the quarantine.

Now this may be so or may be not, as the same dispatches said that the regiment was loaded on a transport last Friday ready to leave for home.

And again, the General in command has been given discretion to hold the volunteers or send them home, as he deems best.

So you can't always sometimes tell when our boys will be home.

### Would Not Sell.

A statement has been given out from the whiskey trust that there is "no outside distillery in Kentucky that was not offered to us, and the fact that we did not purchase plants not owned by this company sufficiently indicates that we did not want them."

Col. E. H. Taylor, Jr., gives out the following statement with regard to the distillery of Messrs. E. H. Taylor, Jr. & Sons:

"The statement is untrue as applicable to us. We were twice written (once in August, 1898, and once in January last) by our friend, Mr. C. H. Stott, now representing the Kentucky Distilleries and Warehouse Company, inquiring whether our properties might be bought.

"In each instance we replied that they were not for sale."

### Don't Forget.

That the ladies of Ascension Church Guild will give their usual post-lenten supper on Wednesday evening next, April 12, in the store room of Mayor Dehonney, on Main street, next door to Mrs. Kate Welch's. Every thing that is nice to eat will be served. A reasonable charge will be made. Every body invited to attend. Hours from 6 to 10 p. m.

### Something to Do.

Many earnest workers and other workers often remark that "if we had a law to this and that effect" we could

do something for Christian citizenship."

While we might have some new laws that would aid in reform, there are laws upon the Kentucky statute books at present the enforcement of which will keep all our workers busy for a time at least.

The trouble is not that we have no good laws, but that the laws we have are not enforced, and that we are not electing to office the class of men who will see that the laws we have are enforced. Take the Kentucky statute and look over the laws relating to the saloon, to gambling, to Sunday desecration, etc. you will be surprised at the many good laws on these subjects, and yet you never hear of them in our courts. Why? Simply because the citizens do not demand their enforcement. This they can do, first by putting men in office upon whom the public can depend; second by seeing themselves that evidence of wrong-doing is carried to the right place.

Whose business is it to bring to the proper judge or jury the evidence mentioned above? You cannot depend on the officers of the Circuit, County and Magisterial courts. They say they are officers simply to carry out the orders of the courts and not to bring guilty parties to justice. They say this because they shirk their duty, for many statutes point plainly to those court officers as the proper parties to see to their enforcement and to bring to justice those who transgress. Look up, for example, the statute on swearing. Of course they would scour the State for a negro thief (if a reward was offered) and pass by open saloons every Lord's day.

If we cannot depend upon the court officers, we must place the burden upon the citizen, so that it is your business to bring to justice any parties of whose guilt you are certain. I call your attention to a few laws that may be transgressed every week in your community. If so, it is your duty, as a citizen, to see that they are properly enforced.

Sec. 1393. Liquors shall not be sold on Sunday. Saloons shall not even be open for business. Penalty from \$10 to \$50.

This law has been satisfactorily tested by the writer in the County and Circuit Courts of Campbell county.

Sec. 1394. Liquors shall not be sold without a license. Penalty from \$20 to \$100.

This statute has been tested in our courts and the responsibility upon the citizens in "dry" precincts, districts and counties in abolishing "blind tigers."

Sec. 1395. Liquors shall not be bought or sold within one mile of places of public worship during divine service, except when authorized by law. Penalty \$10.

Sec. 1396. Liquors shall not be sold or given to minors without written order by parents or guardian. Penalty \$50.

This statute is very generally violated.

Sec. 1397. Liquors shall not be sold or given to inebriates. Penalty \$50 and liable to family for damages when not have been seen.

These are but a few of many laws violated every week. They can and should be enforced in every locality where there is a citizen with backbone sufficient to fight the battle.

The next number of the Endeavor will contain mention of other statutes disregarded generally. Meanwhile I pray you take heed of these things.

(Geo. P. TAUBMAN, Supt. Christian Citizenship, Mayslick, Ky.)

### Report of Dr. Ely's Lecture.

The fourth lecture in the course given by the physicians of Frankfort before the Economic Department of the Woman's Club, was delivered Tuesday, March 21st, by Dr. J. R. Ely.

As he spoke entirely without notes, it will be impossible to place quotation marks, entitling us an exact repetition of many of his remarks would be. Therefore, with the proviso that anything sententious or instructive shall be credited to the doctor, and all blunders to his reporter, we proceed with an abstract of his talk.

After announcing that his subject was the "supposed effects of colds," he stated that most diseases, traced by popular ignorance to the effects of cold, were really due to systematic conditions and pathological germs. All pneumonia but bronchial, which

is the least serious, has no more to do with cold than with jungle fever.

Consumption, which we learned, from a former lecture, caused more than half the deaths in the State, is due, not to cold or colds, but to the want of cold, or at least pure air.

In support of Dr. Ely's position on this point, we may remind our readers that the Norwegians and Icelanders are comparatively free from tubercular diseases, while in Senegambia they are practically unknown, though a year spent by the natives in the slave pens or on slave ships often develop cases of the most virulent consumption.

In 1853, after an epidemic of small-pox, Langenbeck wrote "I have cut up more human bodies than the old man of the mountains with all his accomplices, but though the mystery of small-pox eluded my search, my labors have revealed to me the origin of consumption. I am sure now, what I suspected long ago, pulmonary diseases are nearly exclusively caused by breathing foul air."

"There is a cure for consumption!" Dr. Lewis affirms. "Even in its advanced stages it may be arrested by roughing it. I mean by living out of doors altogether and in all weathers."

Dr. Ely evidently, to some extent at least, agreed with Langenbeck and Dr. Lewis, and succeeded in convincing most of his hearers that, to quote from Dr. Oswald: "It is distressingly probable that consumption, the most constant and fearful scourge of the human race, is not a 'mysterious dispensation of Providence' nor a 'product of our outrageous climate,' but a direct consequence of an outrageous violation of the physical laws of God."

Second only to vitiated air, as the cause of tuberculosis, which often attacks the brain and other organs and tissues, instead of the lungs, Dr. Ely placed impure germ, infected milk or canned foods, he urged all, but especially those responsible for the life and health of young children, to know something of the condition of the cows that supplied their milk, and to have their milk and canned food frequently and thoroughly tested.

Dr. Ely next spoke of what are popularly considered colds in the head, but which, in the majority of cases, have no reference to colds whatever; but which, as Dr. Oswald expresses it, are due to our ignoring "the fact that, familiar enough to the ancients but which seems to have been forgotten for some ten or twelve centuries, our noses were given us for some practical purpose."

Very practical indeed, most of the women thought, when Dr. Ely had finished his anatomical analysis of that organ, with its close and intimate connection with throat, ear, eye and brain. These organs it was intended to supply with cleansing, life-giving oxygen, but too often, through fatal ignorance or criminal carelessness, it is but the starting point and center of far reaching inflammation or atrophy.

For a quick remedy and one that is perfectly safe for children let us recommend One Minute Cough Cure, Tyler & Hemphill and W. McKee Hardie.

### Deadly March

Deals Death and Destruction to Many

Boston, New York, Philadelphia, Washington, Louisville Terrorized by the Awful Scourge. All the Great Centers of Population Affected.

The depressing effects of the present epidemic of Grip are apparent everywhere. Teachers, clerks, business men; mechanics, laborers, street car drivers, school children, police officers and even the doctors all furnish victims by the hundreds.

No remedy yet discovered can show results equal to Dr. Miles' Restorative Nervine. It quickly overcomes the excessive exhaustion, invigorates the appetite and assists nature to throw off the deadly influence from the system. In times of epidemic like the present it should be taken as a preventive of disease.

"Grip" had left me a physical wreck; weak, listless and miserable. I could not eat; could not sleep; could not gain my strength, and had nervous prostration of the worst kind. Our home physician could not help me and I commenced using Dr. Miles' Nervine. The first night's sleep that I had had in four months came as the result of two first doses. When I had taken two bottles I felt better than I had before in years and continued to improve until I was entirely cured."

**A Card to the Dry Goods Merchants of Frankfort.**

A little over a year ago a petition to close the dry goods, clothing, shoe and gent's furnishing stores at 7 p. m. every evening except Saturday was circulated and signed by every merchant in the city except one (the Louisville Store). This petition now reposes in the safe of a Main street merchant, and should, now that party has left town, be fulfilled, and all merchants should now close at 7 p. m., as per the agreement which they signed.

Laboring men and women all over the country are clamoring for an "8 hour day," surely a "12 hour day" is long enough for the employees of Frankfort merchants to work. Merchants give the hard-working clerks the 2 hours they ask and close at 7 p. m. and you will never regret it.

A PATRON.

**Republican Committee Meeting.**

A meeting of the Republican Committee of Franklin county is hereby called to meet at the rooms of the Chairman, on Lewis street, on Monday, April 10th, 1894, at 2 o'clock p. m. for the consideration of such matters as may be brought before it.

SAMUEL R. SMITH, Chairman.

G. L. ROBERTS, Secretary.

Thanks.

We are under obligations to Mr. Harvey M. Berryman, of Phoenix, Arizona, for a copy of the spring book edition of the Arizona Republican. It is replete with information, giving a sketch of that thriving Territory. He will please accept our thanks.

Refused to Receive.

Capt. Noel Gaines, Provost Marshal of Havana, has refused to receive and receipt for 50,000 cans of beef and 300,000 cans of tomatoes intended for the Cubans, because the stuff was spoiled. He has destroyed 400 cans of tainted beef. Good enough for our Noel.

Adjutant and Mrs. Jewel, who have charge of the Salvation Army Work in Kentucky and part of Indiana, will be in Frankfort, Saturday April 8th. He will hold services in the Penitentiary at 9 a. m.; at the Southern Presbyterian Church at 11 a. m.; at the Y. M. C. A. at 3:30 p. m.; at the Methodist Church at 7:30 p. m. Mrs. Jewel will hold a woman's meeting at the Baptist Chapel at 4 p. m.

Adjutant Jewel's position corresponds to that of a Bishop in the Methodist Church, and he has done a great work already in his field.

### Origin of Our Counties.

While Kentucky was admitted into the Union scarcely a hundred years ago, many Kentuckians of to-day are not familiar with the origin of the names of their counties, and the subjoined statistics may not be without interest.

Adair county was carved out of Green in 1801. It was named for Gov. John Adair, who commanded the troops at New Orleans, and whose famous controversy with Gen. Jackson over the imputation cast by the latter on the conduct of the Kentucky troops in that battle, is still remembered by all older Kentuckians.

Allen county was formed from the counties of Warren and Barren in 1815, was named in honor of Col. Allen, of Shelby, who met a soldier's death in the fatal battle of the river Raisin.

Barren county was organized in 1798 from Warren and Green, and takes its name from its "barrens" of prairie lands.

Clinton county was cut off from Wayne and Cumberland counties in 1835, and was named for Gov. De Witt Clinton, of New York.

Cumberland county was cut off from Green in 1798, and was named for Cumberland river.

Edmonson county was cut out of Warren, Hart and Grayson in 1828, and perpetuates the memory of Capt. John Edmonson, a famous Kentucky pioneer, who was slain in the battle of the river Raisin, January 12, 1813.

Green county was made from parts of Lincoln and Nelson counties in 1792, and received its name from Gen. Nathaniel Green, of Revolutionary war fame.

Hardin county was taken from Nelson county in 1792, and was named for Col. John Hardin, who was murdered by the Indians in 1793.

Henderson county was established in 1799, and was named in honor of Col. Richard P. Henderson, who was given a large tract of land within its borders.

Hart county was organized from

Hardin and Green in 1819, and was named in honor of Capt. Nathaniel G. Hart, who was captured by the Indians at the disastrous battle of the river Raisin, and afterwards assassinated while a prisoner.

Larue was cut out of Hardin in 1843, and was named for a distinguished early settler of that section—John Larue.

Lincoln county was one of the three original counties of the State, and was formed in 1780, and was named in honor of Gen. Lincoln, a distinguished soldier of the Revolutionary war.

Marion county was formed by cutting Washington county in two in 1843, and received its name from Gen. Francis Marion, of Revolutionary fame.

Metcalfe county was made from Barren, Green, Adair, Cumberland and Monroe, and was named in honor of Gov. Thos. Metcalfe, the tenth Governor of Kentucky. Gov. Metcalfe was a stone-mason, and built the court house in Greensburg, Ky., in 1806.

Monroe county was carved from Barren and Cumberland in 1820, and was named in honor of James Monroe, who had just been re-elected President of the United States, receiving every vote in the electoral college but one.

Muhlenburg county was established in 1798, out of parts of Logan and Christian, and bears the name of Gen. Peter Muhlenburg, preacher and soldier of the Revolutionary war.

Nelson was the fourth formed in the State, in 1784, and was named in honor of Gov. Thomas Nelson, of Virginia—one of the signers of the Declaration of Independence.

Simpson county was formed in 1819 from Logan, Warren and Allen counties, and bears the name of Capt. John Simpson, of Shelby, who met his death at the battle of the river Raisin.

Todd county was established in 1819, and was named for John Todd, who lost his life at the battle of Blue Licks.

Warren county was created in 1796 out of Logan county, and was named in honor of Gen. Joseph Warren, the hero of Bunker Hill.
